

## Product Features

- Ultra precision sensor
- Calibration function
- Wide range of detection
- 3.2 inch tft hd screen
- Large storage database
- Data transfer to pc

## Data Sheet

Model	SR-510A	Measurement range of humidity	0~100% RH
Measurement range	0-10000 PPM	Humidity accuracy	±2% RH
Concentration resolution	1 PPM	Humidity resolution	0.01 (%RH)
Accuracy	±3% of readings of ±40PPM	Measurement range of temp	-20~60°C / -4~140°F
Working environment	-10~60°C / -14~140°F; 0~99%RH	Temperature accuracy	±1°C
Record groups	999 groups/ 20000 groups	Temperature resolution	0.01 (°C/°F)
Auto power off function	Available, default 15 mins	Connection	USB Port
Power supply	Chargeable 3.7V lithium battery	Net weight	210g
Working current	180~300mA	Dimension	140*134*33mm
Charging duration	1-3 hours	Working time	>9 hours /charging

## Applications

- Used for agriculture, industry, animal husbandry, public air quality testing

# CO2 Meter SR-510A
