

Product Features

- Ultra precision sensor
- Large capacity lithium batteries
- Large amount of data storage
- Scientific & portable design
- Simple work status alert

Data Sheet

Model	TC-100A	Humidity resolution	0.01%RH
Temperature measurement range	-30℃~+80℃ (-22℉~+176℉)	Working temperature	-10℃~+60℃ (14℉~+140℉)
Humidity measurement range	0%RH~100%RH	Storage temperature	-20℃~+60℃ (-4℉~+140℉)
Wet bulb temperature measurement range	0℃~+80℃ (32℉~176℉)	Data transferring method	PC program
Dew point temperature measurement range	-30℃~+80℃ (-22℉~+176℉)	The maximum number of records	16000 groups
Temperature accuracy	1℃ (2℉)	Working power supply	3.7V Built-in rechargeable battery
Humidity accuracy	3%RH	Weight	126g
Temperature resolution	0.01℃	Dimension	200*40*30mm

Applications

- Used for temperature and humidity detection in agriculture, industry, transportation and food storage

Temperature Humidity Meter TC-100A
