

Product Features

- Ultra precision sensor
- Small lcd hd display
- Custom options available
- Auto calibration function
- Scientific & portable design
- Portable usb charging

Data Sheet

Temperature accuracy	±3%	Dimension	80*80*55 mm
CO2 measurement range	370-9999 PPM	Weight	126g
Concentration Resolution	1 PPM	Battery	Built-in 1500 m Ah/18500 lithium battery
Concentration Accuracy	±3% of readings of ±40PPM	Power supply	5V/ USB
Temperature measurement range	-20℃ ~ +60℃	Working time	≥8 hours
Humidity measurement range	0-99% RH	Humidity accuracy	±5% RH

Applications

- Used for Inside the car, kindergarten, office, public air quality testing

CO2 Detector TC-10A
