

Digital Manometer TC-169A

Product Features

- Large LCD with backlight
- Differential pressure measurement
- Zeroing, offset, and data compensation
- Data record
- 12 selectable scales & units of measurement
- Max / minimum / Average reading record function
- Low battery display and automatic shutdown
- Error code

Data Sheet

Measuring range	± 100 Psi	Low battery indicator	6.8Vshow low battery symbol
Unit of measurement	Psi,kg/cm²,ozin',bar,mbar,Pa inHg,mmHg,inH2O,ftH 20,kPa	Automatic shutdown conditions	No operation for 15 minutes
Accuracy	±0.3% FSO (25°C)	Positive pressure range display	Err0
Repeatability	±0.2% (MAX ±0.5%F SO)	Over negative pressure range display	Err1
Linearity/Hysteresis	±0.29%F SO(25°C)	Working temperature	0~50°C (32~122F)
Measurement rate	0.5 s	Working power	9V battery
Data storage	100groups	Physical dimension	164X70X32mm
Maximum withstand pressure	50 KPa	Weight	200g

Applications

- used for Auto Repair /Plumbing /Air Conditioning Engines /Natural gas / Exhaust gas valves
